Mobile Printer Portfolio Guide

FOCUSING ON YOUR PRINTING NEEDS

Equip Your Mobile Workforce with the Power to Print on Demand

Increase your employees' productivity, precision and accuracy. Equip them with wireless mobile printers that are tailored to how they work and the job they do. Printers range from those ideal for occasional use, to rugged machines that feature a range of latest connectivity options and robust functionality that keeps you operating in even difficult situations.

Choose the Printer that is Perfect for Your Needs

Regardless of your industry or whether you're printing barcodes, labels, receipts or tickets, we make it easy to compare Zebra mobile printer features, performance and cost. Our Premium line will keep you printing in even the most challenging, high volume environments. Rely on our Midrange printers for moderate volume, less demanding applications. And our Value class is an ideal lower volume, lower cost solution.

PREMIUM

QLn Series

Lightweight, drop resistant and user friendly, QLn™ mobile printers are ideal for warehousing, shipping and receiving, and merchandising. Our QLn220 and QLn320 Healthcare mobile printers with disinfectant-ready plastics are ideal for mobile specimen collection or other healthcare applications. Use them to print barcode labels, receipts and other documents exactly when and where they're needed. The Link-OS® technology makes them easy to integrate, manage and maintain from a PC, smartphone or tablet, anywhere in the world.

RUGGED PREMIUM

ZQ500 Series

The industry's most rugged mobile printers that can withstand repeated drops to concrete from 6.6' (2m). With an IP54 rating, they are protected from liquid and solid ingress, plus have a Mil-Std 810g rating for shock and drop. Large buttons and a user-friendly interface are easy to operate, even when wearing gloves. Zebra's Link-OS makes them simple to integrate, manage and maintain.

MID RANGE

iMZ Series

These mid-range printers have the features you need, in the design you want, for the price you can afford. With the latest connectivity options, the iMZ printers are perfect for applications both inside and outside the four walls. With the small, stylish design, they work well in customer facing environments and are compatible with the latest smartphone and tablet operating systems.

VALUE

ZQ110 Mobile Printer

This affordable 2-inch mobile printer produces receipts and tickets on demand and on the go. Although it prints at speeds up to 3.5 inches-per-second, it slips easily into a pocket and weighs only eight ounces. The "sleep mode" helps to conserve battery power, and the mobile printer connects wirelessly to a range of Apple, Android and Windows devices.

Software

Demand is growing for devices that are mobile, intelligent and connected to the cloud. This emerging need calls for new technologies and solutions. In response, Zebra has created the Link-OS environment: an open platform that pairs an operating system for smart Zebra devices with powerful software apps, making the devices easy to integrate, manage and maintain from any location.

Supplies

Quality Supplies Are Business Critical

The labels, tags and receipt paper used in your operations provide you with critical information to your business. It helps enhance the customer experience, enables you to improve operational efficiency, supports the growth of your business and can even ensure brand consistency. Using the wrong label for the application, or one that is of low quality, could lower productivity as well as customer satisfaction.

Discover the Value of Zebra Supplies

Zebra has intimate knowledge of thermal printers and understands the importance of using quality materials and processes. When you use high-quality, pre-tested, reliable Zebra Supplies you can rest assured that the supplies you rely on to provide critical data to improve your operations, don't negatively affect your operational productivity and efficiency.

Accessories

You rely on mobile printers to increase employee productivity and accuracy. Whether you're printing labels, receipts or tickets, accessories like Batteries, Chargers and Cradles, Carrying Options and others will help to make your entire operation faster, more flexible and more reliable even in harsh or other demanding environments. These accessories can help to extend your capabilities and enable you to lower the total cost of ownership.

MOBILE EXECUTION

Mobility has dramatically transformed the way we engage with connected customers, and the way we work. The mobile worker has to do more tasks in a more efficient and coordinated way. This provides better customer service, and ultimately a more profitable business through relevant consumer engagement, increased sales conversion and greater customer loyalty.

Healthcare

SPECIMEN COLLECTION

Mobility in the Healthcare environment has transformed the process of accurate patient ID and specimen collection. Ensure the right specimen is collected from the right patient, at the right time and placed in the correctly labeled container, ensuring the right results—and the right course of treatment. The label is generated using a mobile device and immediately applied to vial or sample encasement.
